### Every Student-Athlete Needs a Plan Beyond Sports:

- With only 7% of high school athletes being recruited, 93% of high school athletes need to develop their own “game plan.”
- With the right game plan, your high school experience can become an opportunity to “plan” your college, career, and scholarship opportunities beyond sports.
- With 24/7 access to our online curriculum, you can work at your own pace and get your questions answered at any time.
- Register individually, as a cohort, or as an entire team.

**Referral Fee:** Students can receive a \$50 referral fee for each paid registration.

### Sponsorship

**Discount:** Sponsors receive a \$100 discount for each sponsored registration.

*Not only am I the only track and field athlete at my high school to receive **4 full non-athletic scholarships**, I am the only athlete in any sport!*
