From middle school through 12th grade, Mr. and Mrs. Wynn guided me step-by-step into 4 full scholarships, including **Williams College** valued at over \$400,000! (Josiah, FL)

I never imagined that when I joined the program in the 8th grade that in the 12th grade, I would be offered full scholarships to **Georgia Tech** and **MIT**. (Arshia, FL)

People thought that **The University of Chicago** was an unrealistic aspiration. Little did they know that I had a team working to make my dreams a reality! (Sydney, FL)

The 9th grade plan they helped me develop and 12th grade essay writing guidance that I received resulted in a full scholarship to **Spelman College**. (Taylor, GA)
