Why Attend an HBCU series, Volumes I, II, and III

Vol I: Why Attend an HBCU

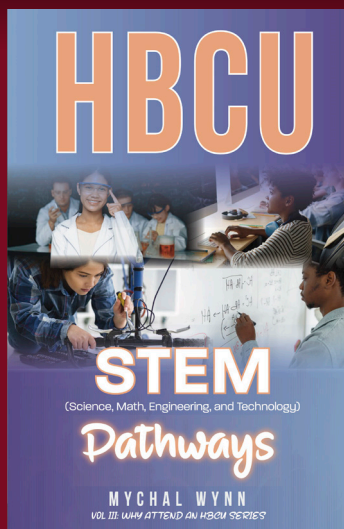

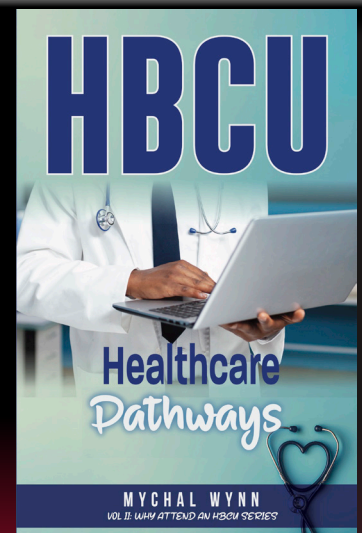

Why Attend an HBCU provides comprehensive insight into the history of HBCUs, the “culture of caring,” and the focus on developing the whole student—academically, spiritually, personally, and professionally. Provides insight into scholarship and career pathways that are unique to HBCUs and not available to students attending other institutions, such as mentorship, internship, and guaranteed graduate school admission agreements with such schools as Brown University, University of Southern California, Vanderbilt, and Baylor. Provides the “facts” of why attending an HBCU can be the best college choice.

ISBN: 978-1-880463-54-3 | 5.5 x 8.5, 96 pgs | \$9.95 | Publication 2024

Vol II: HBCU Healthcare Pathways

HBCU Healthcare Pathways provides a comprehensive listing of HBCU partnerships with chiropractic, dental, medical, nursing, optometry, pharmacy, physical therapy, podiatry, and veterinary schools—many of which provide guaranteed admission. Provides occupational and salary data for over 80 healthcare careers, alternative career pathways, and certifications. Ideal for any student, parent, counselor, or mentor assisting students with planning healthcare career pathways. Identifies early acceptance medical school programs.

ISBN: 978-1-880463-55-0 | 5.5 x 8.5, 128 pgs | \$12.95 | Publication 2024

Vol III: HBCU STEM Pathways

HBCU STEM Pathways provides a comprehensive listing of HBCU STEM programs and private sector and government partnerships. Provides occupational and salary data for over 100 STEM careers. Provides a listing of STEM scholarships and step-by-step guidance for researching HBCU-specific scholarships. Provides a listing of over 30 dual degree partnerships with such schools as Caltech, Georgia Tech, Dartmouth, Columbia, and the University of Southern California. Provides direct pathways into such major employers as Apple, Microsoft, IBM, the DoD, and the Department of Navy.

ISBN: 978-1-880463-57-4 | 5.5 x 8.5, 128 pgs | \$12.95 | Publication 2024
